Kentucky Elects Ten Democratic Congressmen.

Court of Appeals Democratic.

New York Elects a Republican Governor.

The Kentucky Democrats scored a splendid victory in Tuesday's election. The four Democratic nominees for Appellate Judge, Nunn, Settle, Barker and Paynter, were elected by handsome majorities, and the Democrats elected ten of the eleven Congressmen and reduced the majority of Representative Boreing, in the Eleventh district. The results in the so-called doubtful districts were surprising to Democrats and Republicans alike, Rhea winning in the Third by about 1,000, and Kehoe in the Ninth by about 2,000. In the Second Appellate district, which was considered close, Judge Settle claims his majority will not fall below 1,800. Judge Paynter has scored a record-breaking majority in the Sixth Appellate district, 259 precincts out of 289, with the vote of Lewis county estimated, giving him a majority of 3,800. In Louisville, Barker and Sherley, show up with large majorities, and the normally Democratic districts the majorities exceed those of previous years in every instance where there was anything like a fight by the Republican candidates.

QUITS THE RACE.

The Hon. B. J. Bethurum, whom we announced in our last issue as a candidate for Commonwealth's Attorney, has authorized us to say, that after careful consideration of the best interests of all concerned, he has decided to withdraw from the race. He desires to express to his friends his heartfelt thanks for the encouragement they have given him, and while he felt his chances were exceedingly good to secure the nomination, yet under the present circumstances he feels that his withdrawal, is the wise and proper thing to do.

Some men take the poison route, While some jump in the lake; And others get a gun and shoot, And some gas treatment take, Ay cigarettes some get them hence, Some on the thin ice slide, While others go to more expense And take an auto ride.

A young man may be as bright as a dollar, but some girls would rather have the dollar.

When a man attends thoroughly to his own business he has no time to attend to other people's affairs.

It is wiser to be remembered as the one woman a man wished he could have kissed than to be forgotten among those he has caressed.

In a rural justice court, and old negro whose testimony had been questioned by a lawyer, said in his own defense: "Jedge, I'm a good man. I been a-livin' 'roun' heah ten years. I ain't never been lynched; en de only boss I ever stoled th'owed me en broke my two legs!"

A man subject to fits was recently picked up on the street in Washington and was taken to the emergency hospital. When placed on the operating table the doctors found, tattooed on his breast, the line, "please don't operate for appendicitis. I have had my appendix removed three times."

A woman of tact is one who is courteous under all circumstances and in every condition in which she may be placed. She is the woman who can receive the unwelcome guest with a smile so bright and a handshake so cordial that in trying to make the welcome seem real it becomes so.

A school teacher visiting in a near-by city was a guest at a party the other day, and a lady to whom she had been just introduced did not catch the 'Miss' and supposing she was married, asked: "How many children did you say you have?" "Well, only forty now," was the reply that neatly staggered the questioner.

The first cuckoo clock was put together about 150 years ago by an inventive old Schwarzwald, and the popularity of his clever mechanical device continues without abatement. As this is a subject which has lately been the cause of some discussion in the United States. It may be well to say that Villigen, in the Black Forest is the home of the clock in question. There are several factories there which manufacture nothing else.

BRODHEAD

DIED.—Nov. 4th, 1902, infant son of Mr. and Mrs. John Robins.

Not dead but living—removed from a cold and sinful world to that great beyond, to live with its little brother Joe L., who was called away Sept. 17th 1901, there to be reared by angel hands in that land where sin, sorrow and trouble is unknown. Though the father, mother and friends, with broken hearts, cling to them, Jesus says, "Suffer them to come unto me, for of such is the Kingdom of Heaven".

The series of meetings conducted here by Revs. Livingston and Hartsfield was a great success. Seven confessed and were baptized and six united and the entire town and community made to feel better. All pleased with the plain logical way Rev. Hartsfield proclaimed the gospel. Every body knows how our people love our pastor, Rev. Livingston.

TO THE REPUBLICAN VOT- ERS OF THE 28TH JU- DICIAL DISTRICT.

The candidacy of Judge Morrow
and Mr. Snadoan for the judgeship
of this judicial district developed
such bitterness between their re-
spective friends as to do incalcu-
lable harm to the Republican party.

To avoid such results these gen-
tlemen have by mutual consent,
and the consent of their respective
friends as far as they could be con-
sulted, withdrawn with the under-
standing that I would agree to an-
nounce my candidacy for that
office. To do this involved a great
personal sacrifice on my part from
a business standpoint, and will en-
tail on me official duties I neither
sought or desired, but through the
urgency of both of these gentle-
men and their friends, I finally
yielded to the demand to relieve
the strained situation and prevent
disruption in the party.

I am therefore a candidate sub-
ject to the action of the Republi-
can Party, to be expressed in
County and District Convention to
be held on the 15th and 22nd days
of November, 1902.

If entrusted with your banner I
promise to carry it to victory, and
to the people I guaranty a faith-
ful and conscientious discharge of
the high trust reposed in me.

Somerset, October 28, 1902.

Respectfully,
O. H. WADDLE.

PERSONALS

S. C. Franklin is on the sick list. Ernest Ewers has returned from Louisville. Willie Krueger was in Louisville this week, buying goods. Miss Georgia Creed arrived from Bessemer, Ala., Sunday to visit relatives. Mrs. Fannie Adams and Miss Kate Moore went to Louisville, Tuesday. J. G. Frith was here Tuesday looking after his lumber interests at this point. Elmer L. Brock, of London, spent Sunday between trains, with relatives here. Mrs. G. A. Proctor, of near Orlando, is critically ill. Later, Mrs. Proctor is dead. Mrs. W. T. French and two little children were visiting at J. Fish's first of the week. Henderson Jones, the jeweler, is still confined to the house on account of his attack of fever. C. C. Williams went to Shelbyville, Wednesday to look after some important legal matters. Allen Sutton, one of the real hustlers of our town, was in Nicholasville and other bluegrass towns this week. Dr. and Mrs. Ewers gave a Halloween party last Friday, which was enjoyed by all the young people of the town. We are glad to note that our friend and brother editor, E. C. Walton, has recovered sufficiently to resume his duties. A. W. Soward, the efficient foreman of SIGNAL office made his usual pilgrimage to Madison county, his home, to cast his vote. Mr. W. B. Whitehead is now a Mt. Vernonite. Mr. Parrett, of Jackson county, who rented Mr. Whitehead's farm, came Wednesday to take charge of it. W. H. Fish, the Paint Lick druggist and partner of the firm of Fish & Smith, lumbermen, was here one day last week, looking up more business for his firm. W. F. McClary spent a few days in Indiana this week, making preparation to move to his new home sometime within the next ten days. We regret very much to lose Bill from our number, but we trust that the change will prove a rich harvest for him. J. W. Smith, of Paint Lick, of the firm of Fish & Smith, is a son of Billie Smith, who owned the farm, 40 years ago, now owned by Mrs. Mahala Jones, near Pine Hill. He is a grandson of General Smith, who owned and lived on the old Jim White place north of town, and the biggest portion of lands around Mt. Vernon. Alex. Pennington, who has been a faithful printer in this office for some years, had to relinquish his duties about four or five months since on account of failing health. It was thought he was gradually regaining his lost strength up to two weeks since. He tells us now that his condition is worse. We sincerely regret it. He is a mighty good boy. Alex. has been one of our most painstaking and energetic employees, strictly honest and faithful. The SIGNAL wishes for his recovery from his affliction so as to be with us again.

Dr. Gibson, of Richmond, was called to see Mr. J. Fish's mother, who has been sick for some four or five weeks.

Eugene Mullins has gone to Harriman, Tenn., with the Crab Orchard Band, to play for a Street Fair. They will probably go to several other places in the South before returning home.

Old Stoves and all other old scrap iron, is what we are hankering after. 25cts. a hundred. HOUK & ADAMS. oct-24-tf Mt. Vernon, Ky.

Hon. O. H. Waddle, the Republican candidate for Circuit Judge in this district, spoke here Wednesday in behalf of his candidacy.

Chestnut oak cordwood is being shipped from points in this county to tanneries. What is done with it we don't know but understand fair prices are paid for the wood.

It is pretty reliably rumored that J. J. Cook, deputy county court clerk, will be a candidate for the nomination for circuit court clerk. If Jarve does enter the race, it will take a mighty good man to defeat him.

What has become of the dormitory? We have heard nothing said about it for several weeks. It does look like we ought to have enough get-up-and-enterprise about us to do a little something towards getting it started.

FARM FOR SALE.—I have for sale a farm of 127 acres, lying on the waters of Brush Creek, two miles north of Level Greene, Good house and outbuildings. Orchard and well watered. Terms easy. For further information call on Henry Catron, Level Green, Ky. 1f

Dress making parlors, will be opened at Mrs. H. B. Thompson's residence, at Livingston, by Misses Brown and Thompson, November 10. Be glad for all to patronize us. We will also keep all styles of goods and trimmings just from city.

There are going to be candidates and candidates for circuit court clerkship. The bushes and caves are simply full of 'em and a warm old time is expected between the Republican boys for the nomination, will give some names next week.

Fish and Smith, who have been cutting and shipping considerable cedar timber from the Buckeye locality, are also shipping walnut and poplar logs from this place. These men are straightforward business people and the writer can state they come up to and fill all their contracts to the letter.

Frankfort, Ky., Nov. 5, 1902. To County Superintendents:

The Auditor informs me that Nov. draft cannot be sent out in time for payment on the 8th. This is due to the fact that Sheriffs have been slow in paying in State revenue. Draft will go out in time for payment of teachers on the 15.

MARRIED.—Robert Cox and Miss Bessie Houk were quietly married Wednesday night at the residence of J. E. Kouk, the bride's brother. Rev. David Hartsfield performed the ceremony.

There appears to be a deep feeling, in the neighborhood of Andrew Doan's home, against him on account of the charge of killing his wife. It will be remembered that his examining trial resulted in his being held over to grand jury without bond.

To THE PUBLIC.—I feel it my duty to make it known in a way that there can be no misunderstanding that, I have charged the Rev. J. L. Davis as being a hypocrite, scoundrel and falsifier, and unworthy the confidence or respect of all decent people.

Very respectfully,

A. C. SOWDER.

One week from next Sunday night, the night train, coming from Cincinnati, instead of running into Rowland, will run into Livingston and make connection at that point with trains out of Louisville. This will indeed be quite a draw-back to the people of Lancaster, and other points along that branch. But probably one fast train a day, will serve all purposes.

In our last issue, our Livingston correspondent spoke of the probability of the Paris yards being moved to Livingston. Since then we have made some inquiry from parties, who know their business, and we got it straight, that either the yards at Paris, Livingston or Corbin one would be taken away and moved to one of these three points, which it will be, we are unable to say, yet it seems very evident that Livingston will hold what it already has with fair prospects of getting more.

At the joint meeting held in Louisville last week the Independent telephone people elected D. L. Pendleton, of Winchester, president of their State Association; James Maret, Mt. Vernon, was re-elected secretary and treasurer. The Southern Indiana Association re-elected their old officers, G. A. Kienle, president, and E. W. Pickhart, secretary and treasurer, both of Huntingburg, Indiana. Members of the association and delegates were royally entertained by the Home Telephone Company, at Louisville Hotel, Tuesday night and by James Clark, Jr. & Co. with a Dutch supper at Fountain Ferry Park, Wednesday night. Here are some statistics from 38 towns and counties showing the rapid growth of Independent companies in this State.

Capital invested Oct. 1, 1902, \$2,338,000, a gain of one million during past year. Phones in use, 16,224, a gain of 9,452. Miles of toll lines 2,600, a gain of 1,100. In the same territory are 10,500 Belle phones in use, leaving the latter company with 5,644 phones less than the Independents.

The Mineral Springs Telegraph Company, organized by several of the pushing boys, or rather young men, have put up a line from Mt. Vernon to Mineral Springs; a point five miles north of Mt. Vernon, including several points which makes their line count up to something like nine miles. The list of offices is as follows: In Mt. Vernon; Minor Fish, James Proctor, Cox Bros., S. N. Davis, Telephone Exchange and Conn Crown; Oscar Bryant and G. C. Fish, near Buckeye, and Mineral Springs. The line gives practice to prospective operators as well as proving quite a convenience to the neighborhood.

Land, Stock and Crop

Dave Scott bought 25 1055-lb. cattle at Winchester Court day at 4 1/2 cts. Ballenger & Scott bought forty-five 125-lb. hogs from Clark county parties at 5 1/2 cts.—Avon Cor. Paris Democrat.

Mr. Joseph bought a train load of cattle from Wm. Woodford, Hal. Woodford and Will Bedford, which weighed 1,550 pounds. The price paid was 6 1/2 cents. Mr. Joseph says this is the best bunch of cattle that has left Kentucky this year.—Paris News.

A disease has broken out among the cattle in the neighborhood of Morgan, in Ohio county, which is believed to be anthrax. Eleven head have died on three farms and many more have been attacked. The farmers are afraid to touch the carcasses and they are allowed to lie where they die.

C. P. Cecil, Jr., sold 125 ushels of clover seed last week to J. Chas. McGullough, of Cincinnati, for the top notch price of \$5.32 1/2 per bushel. Wilson Berry, the well known retired farmer of Lexington, has sold to Jake Graves eighty head of 1,200-lb. cattle, feeders, for 5 cents, a pound. The eighty head aggregate \$4,800. Mr. Graves will prepare the cattle for export.—Danville Advocate.

The reason why in so many cases hens fail to lay well in winter and warm weather is that they need plenty of green food. It cannot take the place of grain, as it is of low value, but as an adjunct to the grain ration and to keep the fowls healthy a plentiful supply, both in summer and winter is necessary. Beet leaves, turnip and carrot tops are also good in summer, but nothing seems to be relished as much as lettuce.

The Lexington Leader says. There has been a rapid trade in Southern calves at Lexington this season. Mr. F. T. Morgan, from Mexico, bought 100 Short-horn bull calves, from six to ten months old, in Fayette and adjoining counties at \$50 to \$75 per head and 15 yearling heifers at from \$100 to \$150 per head. J. F. Cook delivered to Senator Bailey, several calves, his own raising, from seven to twelve months old, at \$80 per head. Beside these, a number of scattered Shorthorns have been shipped to Texas and Mexico.

A market report in one of the papers explains a slump in the hog market by saying that the packers put the price up the day before and stimulated a heavy run, "enabling them to take off not only what they put on Saturday, but 10 cts. or 20 cents additional." It would seem that the packers by combining are able to swing the market as they like. What defense can be made of monopoly that thus entices stock into the market by a high price only to cut the price when the stock arrives? Who will defend the moral character of such a transaction?—Bryan's Commoner.

Stick to your farm. A farm is a far better, safer, shurer, healthier investment than any town store with an equal investment of capital, says an exchange. The man behind the plow is more independent than the man behind the counter. It is just as honorable, just as dignified to plow and to mow, as it is to tie up sugar or measure kerosene, to hand down a spool of thread or to put up a package of crackers. The farmer who can envy the merchant, the manufacturer or the town worker in general has certainly the wrong view of his own occupation as well as theirs.

A DANGEROUS MONTH.

This is the month of coughs,
colds and acute catarrh. Do you
catch colds easily? Find yourself
hoarse, with a tickling in your
throat and an annoying cough at
night? Then, you should always
have handy, a bottle of Ballard's
Horehound Syrup. J. A. Ander-
son, 354 West 5th St. Salt Lake
City, writes: "We use Ballard's
Horehound Syrup for coughs and
colds. It gives immediate relief.
We know its the best remedy for
these troubles. I write this to in-
duce other people to try this pleas-
ant and efficient remedy." 25c, 50c

Editor W. P. Walton, in refer-
ring to an anniversary of the Stan-
ford Interior Journal, says in the
Lexington Democrat:

"The Interior Journal has round-
ed out two years under the editorial
and business management of Mr.
E. C. Walton, who continues to
improve and fortify it to public
favor while making it a financial
success. The paper was always a
little gold mine, and the writer of-
ten wishes that he had never been
tempted to leave the good old town
at which it is published, and given
it up for harder and less satisfactory
work. It would have saved us
many a headache and sleepless
night, but that isn't here nor there.
We have enlisted for the war, and
having put our hand to the plow,
we do not intend to look back."

Dark Hair

age, yet I have not a gray hair in
my head."

dark color your hair used
to have. If it's gray now,
no matter; for Ayer's
Hair Vigor always re-

I. M. McHany, Greenville, Tex.
writes Nov. 2nd, 1900: "I had
rheumatism last winter, was down
in bed six weeks; tried everything,
but got no relief, till a friend gave
me a part of a bottle of Ballard's
Snow Liniment. I used it, and
got two more bottles. It cured me

since. I can recommend Snow

E consular report states that
Germans have the following sums
invested in foreign countries:
United States, Mexico and South
America \$2,000,000,000 and Aus-
tralia, Africa and the far East, \$1,
000,000,000. These investments
are the outgrowth of the last 30
years.

Robbers at Steece, O., made a
rich haul, taking cash, stamps,
bonds, insurance policies and pre-
tly much everything else in sight.

Don't forget the old man
with the fish on his back.

For nearly thirty years he
has been traveling around the
world, and is still traveling,
bringing health and comfort
wherever he goes.

To the consumptive he
brings the strength and flesh
he so much needs.

To all weak and sickly
children he gives rich and
strengthening food.

To thin and pale persons
he gives new firm flesh and
rich red blood.

Children who first saw the
old man with the fish are now
grown up and have children
of their own.

He stands for Scott's Emul-
sion of pure cod liver oil—a
delightful food and a natural
tonic for children, for old folks
and for all who need flesh and
strength.
